

The Four Summer Lenses

What does the summer look like through these lenses?

CHRIST

Does this glorify Christ?

- Routinely spend time connecting with God personally.
- Set the tone for your sites. Your staff look up to you as a guide and a model.
- Is Jesus visible in everything?

RESPECT

Does this respect others and myself?

- Good communication (among staff, with service and housing partners, with participants and adult leaders) is KEY to a fantastic summer.
- Just like Jesus, the very best leaders are servants first. Respect others by serving them.

SAFETY

Is this safe?

- Lead from a healthy place personally.
- Stay organized by whatever method works for you. This will enable you to focus on safety and see things clearly.
- Learn from your mistakes and move forward.
- Be the one to speak up when necessary to protect and promote safety.

TEAM HEALTH

Does this build up a unified team?

- How are your teams and the individuals who make up your teams?
- Encourage any conversations or development that need to happen.
- Build on the strengths of your teams.
- Have fun with your teams and let God work.
